

## **Additional IRS form 1098T Information**

### **Please Note:**

#### **1098T will not be issued for:**

- Students whose tuition is waived or paid entirely with scholarships.
- Students whose tuition is covered 100% by a formal billing arrangement between KPSAHS and your employer or a government entity, such as the Department of Veteran's Affairs or the California Department of Rehabilitation. (For students whose tuition is partially funded, you will receive a 1098T if you made reportable tuition and fee payments)

#### **2018 Changes to 1098T reporting:**

- **Box 1** – Beginning this year, total amount of payments received is reported on the 1098T net of refunds issued and payments made for insurance. (In prior years, your 1098T reflected tuition billed whether or not the tuition was paid.)
- **Box 2** – IRS requires that we no longer report tuition billed and, instead, report tuition and fees paid. This box is left blank on your 2018 1098T.
- **Box 3** – KPSAHS changed its reporting method in 2018, therefore, this box is checked.
- **Box 4** – Amounts are entered here only to adjust amounts reported in 2017.
- **Box 5** – Amounts of scholarships disbursed in 2018 for tuition charged in 2018.
- **Box 6** – Amounts entered here only to adjust scholarships reported in 2017.
- **Box 7** – This box is checked if amounts reported include payments for the Winter 2019 quarter.
- **Box 8** – Checked if you attend(ed) school at least half time.

**KPSAHS does not use boxes 9 or 10.**

**Please contact the Student Finance Office at (510) 231-4327 if you have additional questions.**
