KPSAHS MS in Counseling, Marriage and Family Therapy Concentration

Clinical Training Timeline (Subject to Change)

Orientation and Observation Q3-Q4:

6-10 hours per week engaged in clinical training experiences with the KP Mental Health Training Program. These experiences will prepare you for supervised clinical fieldwork experiences beginning in Q5. These hours typically do not count toward licensure.

Direct Practice Q5 Q6 Q7 Q8:

16-24 hours per week engaged in direct clinical experiences under supervision of licensed mental health providers in the Mental Health Training Program. These experiences often take place over 2 and even 3 full days per week.

Post-master's fellowship:

This is typically a full-time postdegree training experiences under supervision of licensed mental providers. Students must apply and interview for these competitive positions. Students complete the remainder of CA BBS required 3000 hours of direct experience.
