

## LEARN AND LIVE

Our purpose is education.  
Our passion is quality and service.  
We change lives.

## Bachelor of Science in Nuclear Medicine

### Program Overview

The 18-month (6 quarters) continuous Nuclear Medicine program provides didactic and clinical education in Nuclear Medicine. The program prepares students to use high-tech equipment and radioactive tracers in the physiological assessment of various organ systems. The Program combines the didactic classroom theoretical concepts with clinical education at various hospitals and clinics throughout Northern California to fully integrate the student's experience in the exciting field of Nuclear Medicine Technology.

Program participants can expect substantial off-campus study and preparation for classroom lecture and lab exercises.

### Nuclear Medicine Technologist Duties

The Nuclear Medicine Technologist uses high-tech equipment and radioactive tracers to study the function of the various organ systems. This includes imaging the progress of disease, as well as treatment of disease. The technologist is responsible for quality control of equipment and radiation safety practices in the hospital or clinic.

### Tuition

Please visit [KPSAHS.edu](http://KPSAHS.edu) for current tuition information.

The Kaiser Permanente School of Allied Health Sciences is accredited by the WASC Senior College and University Commission (WSCUC).

Note: All foreign diplomas and transcripts must include a notarized translation in English and must be evaluated by an approved NACES foreign transcript agency prior to submission.

Rev. 06/22/22

## Admissions Requirements

All admissions requirements and prerequisite course requirements must be completed prior to applying to the program.

- Verification of completion of a minimum of an AA/AS degree or higher in any discipline from a regionally accredited institution with a cumulative minimum grade point average of 2.50.
- Documented completion of a minimum of 8 hours job shadowing a Nuclear Medicine Technologist or completion of the Job Shadowing Writing Assignment.

Successful completion of the following prerequisite courses with a grade of "C" or better. Courses must be college level and a minimum of 3 semester units or 4 quarter units. (KPSAHS does not accept courses taken as pass/fail, credit/no credit.)

- Human Anatomy & Physiology (two courses, each with a lab) \*
- Physics (Recommended topics: Kinematics, Newton's Laws, Atomic Laws)
- Chemistry with a lab
- Written Communication
- Intermediate Algebra (or higher-level math)

*Recommended (not required) courses:*

- *Medical Terminology*
- *Oral Communication*

\* May be fulfilled through one of the two course combinations:

1. Anatomy & Physiology I with Lab + Anatomy & Physiology II with Lab – OR-
2. Anatomy with Lab + Physiology with Lab
